

TECHNICAL RIDER**2017 NATIONAL TOUR****Stage/Playing Space Requirements**

Ideal performance space (hereafter referred to as the “stage”) dimensions for BOTANIC GARDEN are:

- 35 feet wide.
- 20 feet deep.

These stage dimensions need not be matched exactly by the Presenter, but every effort must be made by the operator of the performance venue (hereafter referred to as the “Presenter”) to provide a reasonably-dimensioned playing space as determined by Canamac Productions.

Scenic Requirements

Presenter must supply the following pieces of furniture (see Dropbox pictures for reference):

- One (1) round or square dining room-style table
- One (1) dining room-style end table
- One (1) wooden kitchen chair
- One (1) wooden living room chair
- One (1) living room end table
- One (1) living room sofa/loveseat approximately 6’ long
- One (1) table for the stage manager

Power Requirements

The Presenter will provide access to power outlets sufficient to meet the needs of the technical aspects of the show as determined by Canamac Productions staff upon arrival at the stage.

Use of Space

The Presenter will provide Canamac Productions staff access to the stage and dressing room at least two hours prior to curtain time to allow for stage and audience set-up.

Dressing Room

The Presenter will provide Canamac Productions staff with a private room for use as a dressing room for the actors and staff in reasonable proximity to the stage.
